Comments from students during the Book Garden held in June.

- I enjoyed seeing a variety of books there and the display was also good. I felt a desire to pick them up.
- I could meet various kinds of books and was very much interested in reading them. I became curious about other fields beside my study.
- It was fun because I could choose the books by myself. I'm looking forward to joining the next Book Garden.

3) Free distribution of disposal materials

- In order to promote effective use of SIT's literature property, the second free disposal event was held across the campuses from 18th Nov. ~ 23rd Dec., both inside and outside of the library.
- Total number of disposal materials in FY2019 was 7,084 books, and 4,642 books were utilized (break down: Toyosu 2,299, Omiya 2,145, Shibaura 198).
- By posting the information on HP of Alumni Association, some graduates could participate in this event. Also, we received positive feedback from a student who joined this event as a result of reading a description on the Library satisfaction survey, which we held in October. Visibility of the event was increased and we had great turnout. We got comments like, "I'd like to join all the events held across the 3 campuses", "I'm happy to see books in a light-hearted, fun way", and so on.
