- Aims for Fiscal Year 2024

<Mid-Term Management Goals for the Next Three Years

(Set at the Beginning of the Fiscal Year)>

- ① Improve library usage by ensuring smooth access between the Toyosu Library and the Faculty of Engineering Learning Commons.
- ② Increase the job offer rate at major companies (top 400 companies) through enhanced collaboration with the career support section.

<Challenges Set for This Fiscal Year>

- ① Investigate smart library case studies, including the introduction of RFID tags, and work toward its implementation at SIT.
- ② Research case examples related to e-books and consider an appropriate purchasing balance between physical and digital books.
- ③ Conduct research on the open access of academic information, such as journal articles in Japan.

<Other Initiatives>

Preparations are underway to replace the library system starting next fiscal year, with the aim of improving usability and strengthening the well-being (organizational vitality) of library staff.

In addition, contract library staff have begun attending joint morning meetings with the academic affairs department on a rotating basis to foster a stronger sense of interdepartmental collaboration.
